

# EMBODIED PSYCHES/LIFE POLITICS

EVERYONE WELCOME

## A CSISP SEMINAR SERIES | SPRING TERM 2005

We are interested in bringing together people from different disciplines concerned with the connections between 'psyche' and 'social' – within a broadly defined 'psychosocial' field. This is an open seminar for staff and postgraduate students where we want to encourage thinking differently.

For further information please contact Professor Vic Seidler: [v.seidler@gold.ac.uk](mailto:v.seidler@gold.ac.uk)
