

## MSc User Experience Engineering 2020-21 Addenda to Programme Specification

**Awarding Institution:**

University of London (Interim Exit Awards made by Goldsmiths' College)

**Teaching Institution:** Goldsmiths, University of London

**Name of Final Award and Programme Title:** MSc User Experience Engineering

**Name of Interim Exit Award(s):** Not applicable

**FHEQ Level of Award:** Level 7

**Programme accredited by:** Not applicable

**Home Department:** Computing

**Department(s) which will also be involved in teaching part of the programme:**

Institute of Management Studies (IMS); Psychology

### Overview of programme changes

Goldsmiths has needed to make changes to the way in which its programmes will be taught in 2020-21 in response to the ongoing global Covid-19 pandemic. This means that all programmes will be taught through a mix of online and in-person teaching sessions in 2020-21.

In some instances changes have also been made to assessment formats where necessary.

This addenda summarises approved changes that will be in place for 2020-21. Further programme information is provided in the published programme specification.

### How you will learn and how you will be assessed

#### Academic year of study 1 for 2020-21 only

Module Title	Teaching Delivery	Assessment
Computing the User Experience	10 lecture/lab sessions with a small group of students on-campus for face-to-face contact, with remaining students participating in lecture/lab online. Different groups of students on-campus each week so that everyone gets some face-to-face provision.	No change

<b>Module Title</b>	<b>Teaching Delivery</b>	<b>Assessment</b>
Introduction to Research Methods	10 lecture/lab sessions with a small group of students on-campus for face-to-face contact, with remaining students participating in lecture/lab online. Different groups of students on-campus each week so that everyone gets some face-to-face provision.	No change
Interaction Science	10 lecture/lab sessions with a small group of students on-campus for face-to-face contact, with remaining students participating in lecture/lab online. Different groups of students on-campus each week so that everyone gets some face-to-face provision.	No change
Applied Topics/Guest Lectures	10 lecture/lab sessions with a small group of students on-campus for face-to-face contact, with remaining students participating in lecture/lab online. Different groups of students on-campus each week so that everyone gets some face-to-face provision.	No change
Computing Project	Individual project with some face-to-face or online supervision from staff (approximately 50% on-campus and 50% online supervision).	No change
Field Project	Individual project with some face-to-face or online supervision from staff. Field study can be conducted over the web as required.	No change
Optional modules	Optional modules from an annually approved list
