**Home Department:** English Language Centre

**Department(s) which will also be involved in teaching part of the programme:**

Computing

### Overview of programme changes

Goldsmiths has needed to make changes to the way in which its programmes will be taught in 2020-21 in response to the ongoing global Covid-19 pandemic. This means that all programmes will be taught through a mix of online and in-person teaching sessions in 2020-21.

In some instances changes have also been made to assessment formats where necessary.

This addenda summarises approved changes that will be in place for 2020-21. Further programme information is provided in the published programme specification.

### How you will learn and how you will be assessed

#### Academic year of study 1 for 2020-21 only
