### Equality and Diversity

Please take the time to complete the Equalities monitoring information to help us to understand the needs of our students and improve our services. Goldsmiths values diversity and is committed to creating an inclusive and accessible environment. Better quality monitoring and analysis of information provided by students will help Goldsmiths gain a clearer picture of the composition of our student population and a comprehensive understanding of the diverse needs of students at all levels. This will enable us to identify areas of under-representation, address barriers to meaningful participation and develop relevant, inclusive, policies, practices and services. It is also necessary for us to collect this information because the Equalities Act 2010's public sector equality duty (PSED) requires higher education institutions (HEIs) in England to publish information in compliance with the equality duty annually. Additionally each year all universities have to provide statistics about their staff to the Higher Education Statistics Agency (HESA). These statistics help to indicate what needs to be done to encourage more people with diverse needs to work in the sector.

The information you provide will be treated confidentially and stored in compliance with the Data Protection Act 1998. Information will be used for statistical purposes. Measures will be taken to ensure that Goldsmiths does not reveal the identity of individuals through the publication of statistical data, analysis and reports.

It is voluntary for you to disclose the information that we have asked for. If you would prefer to not answer any question please select the option for 'Information Refused'.

## Do you have a disability?

This information helps the College ensure the appropriate arrangements may be made for teaching and assessment and for provision of other services as required. The term 'disabled' covers a wide range of impairments and long-term medical conditions. The legal definition says a disabled person is someone with 'a physical or mental impairment which has a substantial and long-term adverse effect on ability to carry out normal day-to-day activities' (Disability Discrimination Act 1995). If you have a disability and require disability-related support or adjustments, please speak to a Disability Adviser, information about who this is can be found at <http://www.gold.ac.uk/disability/>.
